DETAILED ACTION

Response to Amendment

The examiner acknowledges the amending of claims 1-3, 6, 8-11, 13, 15, and 17, as well as the cancellation of claim 16, and addition of claim 18.

Allowable Subject Matter

Claims 1-15, and 17-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1, 8, and 15 are believed to be allowable based on the fact that a pulsed laser system comprising a seed beam, a pumped gain region, passing the seed beam a plurality of times *non-collinearly* with a small beam diameter through a central part of the pumped region, changing the beam diameter to produce a re-collimated beam with a larger diameter in the gain region, using *retro and cavity mirrors* to direct the beam through the center of the gain region for at least one *non-collinear* amplifying pass, was not found to be taught in the prior art.

Claims 2-7, 9-14, and 17-18 are allowable as they depend from the allowable claims 1, 8, and 15 described above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
